is Always in Style.

Fuel Dispensing • Site Control • Point of Sale • Fuel Management Services

Leading Technology is Always in Style

STYLISH design attracts customers

- Refined bezel and columns enhance site appearance
- Design instills comfort, confidence, and loyalty
- Brand View™ canopy and eye-level graphic reinforces retailer's brand image

SIMPLE operation for faster transactions

- Customer-defined, centralized layout
- Intuitive customer interface
- Large buttons with positive feedback

SMART Technology maximizes site profit

- SMART Merchandising™ drives in-store sales
- SMART Connect™ increases site uptime
- SMART Flow™ increases throughput to drive profits
- SMART Meter™ eliminates fuel loss due to meter drift

SECURE features reduce theft and fraud

- Security features to prevent unauthorized access
- Factory sealed pulsers and meters
- Programmable codes for site level security
- Increased payment privacy

SUPERIOR flexibility for today and tomorrow

- Forward and backward compatible Encore® electronics
- Flexible to upgrade and grow with your business

Encore offers larger, brighter displays in an exciting, new centralized interface.

*Optional 2-toned bezel shown

Encore S Maximizes Your Profit

Encore S Series

Proven heritage with improved, best in class user interface.

Styled bezel speeds selection, payment, and throughput

- Intuitively grouped customer interface speeds transactions
- Progressive lighting cues customers to make selections easily
- Positive feedback on grade select buttons make them easy to use
- Payment options: contactless card reader, cash, major oil cards, credit, debit, RFID, bar code
- High speed USB printer capable of printing high resolution coupons
- Dynamic monochrome display easily controllable for running promotions
- Optional color display

Highest quality construction

- Four-year corrosion coverage on all visible surfaces
- Duraview™ scratch and chemical resistant display lenses
- Longest lasting, super bright LED lighting
- Angled hose outlets keep columns cleaner

Enhanced security features

- Hidden security clasp accepts an optional pad lock
- Optional hinge sensors to alert unauthorized entry
- Sealed pulser and meter components reduce access and fraud

Encore 500 S

Improved electronics for SMART Technology options.

SMART Flow™ increases throughput to drive profits

- Delivers fast, consistent flow, even when sites are at their busiest
- Provides benefits of variable-speed STPs without the higher cost
- Reduces costs by eliminating need for mechanical flow limiters

SMART Merchandising™ increases in-store sales *

- Delivers coupons on demand for in-store use
- Easily manage promotional programs via the web
- Tracks success of promotions, specials, and coupons

SMART Connect™ lowers service costs *

- Remote diagnostics and focused troubleshooting lowers service costs
- Lowers compliance costs by tracking tank gauge and dispenser data
- Enables faster throughput with real time flow rates and low-flow alarms
- Greater site control with detailed alarms, such as price changes

*Optional Feature

Two Year
Full Warranty
Four Year
Corrosion Protection
